The Council has a streamlined structure for decision making:

- The Full Council of all 37 members meets five times a year to receive reports made by the panels and committees, and decide the Council's overall budget, strategies and plans
- The Policy Board, along with Full Council, sets policy for the panels to implement and discusses finances
- Four panels are responsible for Health & Housing, Leisure, Sport & Culture, Highways and Environmental matters
- Two committees deal with Planning and Licensing
- The Audit, Overview and Scrutiny Committee assists in policy development and scrutinises decisions
- The Standards Committee ensures openness and transparency in the way the Council conducts its business
- Any three members of the Licensing/Appeals Committee are a sub-committee and are able to deal with matters before the Committee

- Chief Officers
- Essex County Council representatives
- Parliamentary representatives
- Parish Council representatives

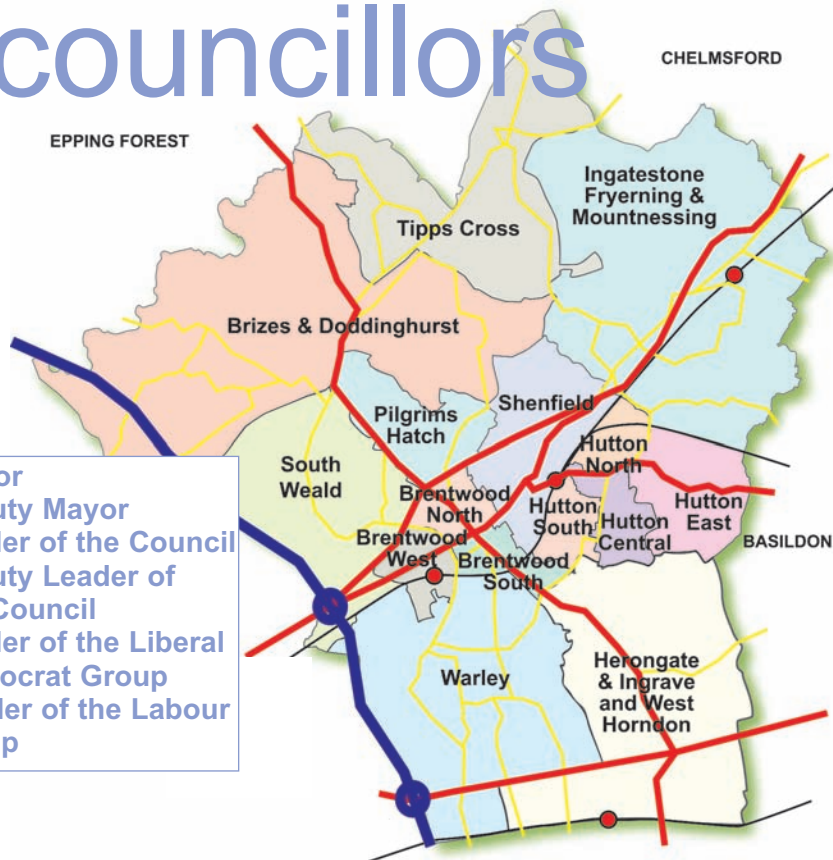

Your local councillors

Your councillors will be pleased to hear from you on both ward and Borough concerns.

To help you make contact with your ward councillors we show, on the Borough map here, the approximate ward boundaries and the names, addresses, telephone numbers and email addresses of the councillors for each ward. The map is simplified due to size restrictions but if you are not sure in which ward you live, a more detailed map may be consulted at the Town Hall in Ingrave Road.

Each councillor is usually elected for a period of four years and must then either stand down or seek re-election. Elections are held each year, on the first Thursday in May, for a third of the seats. In the fourth year, no Borough Council elections take place because of the County Council elections. As well as concerning themselves with all general matters affecting the Borough, councillors are especially concerned with the activities of their own ward and are directly accountable to the residents of that ward. Every resident of the Borough has at least one councillor (three in most cases) to whom they can turn for help.
