

Safer Workplace Better Business

Are you a small medium sized business?

Do you struggle with understanding and complying with health and safety law?

Help is at hand with the **FREE Safer Workplace, Better Business pack!**

The **Safer Workplace, Better Business (SWBB) pack** has been designed and developed* to help local businesses and small to medium enterprises, e.g. offices or cafes, comply with their legal duties.

All employers, self employed persons and controllers of premises have to assess all risks posed by their work activities and to introduce suitable control measures to eliminate or manage risk. The SWBB pack is designed to help you focus on the risks that really matter in your workplace.

SWBB is split up into Procedures and Practices, Protection, Good Practice, Records and Extra care. The pack has templates and tick box checklists that you can use for your business.

You can adapt the SWBB pack specifically to address the risks posed by your business activities. By using the pack you will be able to demonstrate that risk assessments for your business have been undertaken.

Go to www.brentwood.gov.uk/healthandsafety to download a pack or scan this QR Code. (You will need to download a QR Reader app for the QR Code to work).
