

Seymour Pavilion Solar Energy

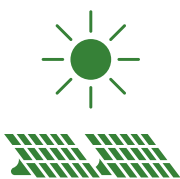

COMMUNITY LED ENERGY PROJECT
ENGAGEMENT EVENT

Benefits

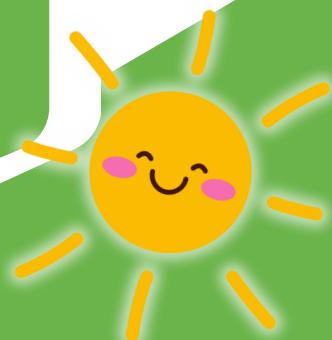

Lower energy costs
for the pavilion

Clean, sustainable
energy for the
future

More opportunities
for community
activities

POWERING MORE THAN THE PAVILION

This flagship project will not only reduce running costs for Seymour Pavilion- this has the potential to provide additional clean energy for the wider community, and a catalyst for further community-led energy solutions and projects across Brentwood.

We welcome your ideas for other community led energy projects and potential sites whether that's a community hall, school, or factory.

**DATE: Monday 6th Oct 2025
(19:30-21:00pm)**

RSVP required to confirm attendance (and share any project ideas) with the clerk

Tea and coffee provided
